

*“ Our Loan Program experience has been great. We are very pleased with the funding provided, with the very attractive interest rate, and the responsiveness to our request. ”*

Don O’Leary , Vice President, Administration - Trent University, Peterborough

**Infrastructure Ontario’s Loan Program provides an efficient and responsible approach to borrowing for eligible broader public sector clients across Ontario.**

With a convenient online application, no additional fees and flexible terms (up to 40 years), our affordable loans provide efficient access to the capital markets for those who are otherwise unable.

Since 2003, Infrastructure Ontario’s Loan Program has supported the development of more than \$4 billion in local infrastructure projects – from the construction of roads, bridges, arena complexes, and long-term care homes to the acquisition and installation of capital assets like fire trucks, smart meters and energy efficient lighting.

Bruce County Museum & Cultural Centre

National Ballet School

Chester Village Long-term Care

Green Phoenix Affordable Housing

*“By using the Loan Program, we have access to financing at a very competitive rate and will have saved hundreds of thousands of dollars over the life of the loan.”*

Jim MacKilican, Chair - Hospice Renfrew

## Who is Eligible?

The following public sector organizations are eligible to apply for loans:

- Hospices
- Non-profit Housing Providers
