

Universities and their Affiliated Colleges

Infrastructure Ontario's Loan Program provides an alternative financing solution for universities and their affiliated colleges and other eligible public sector clients across Ontario. Our goal is to assist these organizations in the renewal and development of their infrastructure and to help deliver value to the communities they serve.

Eligible Projects for Universities and their Affiliated Colleges

Universities and their federated and affiliated colleges can access affordable financing from Infrastructure Ontario for most capital investments, including:

- Construction or renovation of facilities (labs, recreational facilities, libraries, residences etc.)
- Energy efficiency projects (windows, doors, lighting, etc.)
- Water, hydro, HVAC and communications systems
- Accessibility improvements
- Vehicles and maintenance equipment
- Double cohort expansion projects
- Day-care projects

Helping Communities Across Ontario

Since 2003, we have helped improve the quality of life in communities across Ontario by providing affordable, long-term financing in support of infrastructure development.

With more than 230 public sector clients, Infrastructure Ontario (IO) has helped finance various types of infrastructure projects – from the construction of roads, bridges, arenas, training centres and long-term care homes to the acquisition and installation of capital assets like fire trucks, smart meters and energy efficient lighting.

To date, IO financed the development of well over \$4 billion in projects, of which over \$2.1 billion has been advanced to clients. Modern and efficient public infrastructure is key to building a strong economy, prosperous communities and a clean healthy environment.

As your capital financing partner, Infrastructure Ontario works with you to develop the best financing solution to meet your infrastructure needs. We understand the unique needs and complex development challenges of municipalities, universities, and other public infrastructure providers.

For program eligibility or to see how affordable Infrastructure Ontario can help make your next capital expenditure, check our current rates and terms online at www.infrastructureontario.ca or call us toll free at 1-800-230-0937.
